**The titles of completed or ongoing projects of PMZ are listed below:**

1. Preparing national guidelines for detection of qualitative and quantitative limits of specific and normal solid wastes to each other (2011).
2. Study and preparing the Atlas of Reptiles of Iran (2013).
3. Environmental impact assessment of Forouzan oilfield project (2011).
4. Environmental impact assessment of 15 and 16 phases of south Pars project (2011).
5. Environmental impact assessment of sixth and ninth national gas pipeline 56" (2008).
6. Environmental impact assessment of continue of seventh national gas pipeline 56" (2010).
7. Environmental supervision and auditing of construction of sixth national gas pipeline (2013).
8. Establishment of environmental management system of ISO 14001 in Tehran municipality, 11th region (2008).

9. Environmental impact assessment of the construction of Sadr-Niayesh urban tunnel (2012).
10. Environmental impact assessment of construction of Sadr bridge highway (2011)
11. Study of elimination of pollution from Dareh Bid Tabas artificial lake (2010)
12. Environmental impact assessment of irrigation and drainage network of Shavour plain in Khuzestan Province (2013).
13. Environmental impact assessment of construction of dam and power plant of 1 and 2 Zohre project in khuzestan province (2012).
14. Study of environmental situation in Jazmoriyan playa wetland and its change trend (2013).
15. Environmental impact assessment of development project of the marine sector of Anzali port (2010).
16. Hydrodynamic modeling and determination of sedimentation rate of Bandar Anzalis marine port and study of its ecological impacts to Anzali wetland (2013).
17. Environmental impact assessment of convert fishing port of Astara to commercial port(2010).
18. Environmental impact assessment of dredging the multi-functioned harbor of Hormuz and its development (2014).
19. Environmental impact assessment of production of bitumen from heavy crude oil refinery in Qeshm island (2010).
20. Environmental impact assessment of construction of refined heavy naphtha, CCR, Benzene reduction and betunium in Tehran oil refining company (Tondgooyan) (2015).
21. Environmental impact assessment of underground crude oil storage in unlined rock cavern in the south region of Iran (2015).

22. Environmental impact assessment of crude oil pipeline of Sabzab-Arak-Rey (2014).
23. Environmental supervision, monitoring and auditing of construction of Dezfol-Kohdasht oil transmission pipeline 56" (2014).
24. Environmental supervision, monitoring and auditing of Construction of 48" gas pipeline of Koohdasht- Chaharmale (2015).
25. Environmental monitoring and auditing of construction of the oil products pipeline and the raw petroleum pipeline projects (2015) .
26. Study of environmental risk management of crude oil transmission pipeline and heavy oil products of Qeshm refinery to Kaveh oil port (2014).
27. Environmental impact assessment of gas transmission pipeline of Oman (onshore part) (2014).
28. Environmental impact assessment of the gas transmission pipelines 10" of Joveim-Banaroooyeh and Kamfirooz in Fars Province (2014).
29. Environmental impact assessment of petroleum products transmission pipeline 26" of Sabzab-Arak-Rey (2009).
30. Environmental impact assessment of crude oil transmission pipeline 30" and 26" of Sabzab-Arak-Rey (2011).
31. Environmental impact assessment of oil transmission pipeline 20" from the oil pumping unit operation Darkhovain of pump house in the west of Karoon Ahwaz (2010).
32. Environmental impact assessment of gas transmission pipelines 20" and 12" of Dezful-Dehloran and Dasht Abbas-Abdanan (2010).
33. Environmental impact assessment of gas transmission pipelines 30" of Ardebil-Power plant of Ardebil (2009).

34. Environmental impact assessment of gas transmission pipelines 16" of petrochemical Ardebil-Meshkinshahr (2009).
35. Environmental impact assessment of gas transmission pipeline 16" of Ardebil (2009).
36. Environmental impact assessment of gas transmission pipelines 16" of Moran (2010).
37. Environmental impact assessment of gas transmission pipelines 16" of Bezanghan-Lotfabad (2007).
38. Environmental impact assessment of gas transmission pipelines 30" of Uromiyeh-Industrial city of Uromiyeh (2010).
39. Environmental impact assessment of gas transmission pipeline 12" of Taleqan (2011).
40. Environmental impact assessment of oil storage pipeline of Kermanshah (2010).
41. Environmental impact assessment of oil storage pipeline of Saqez (2010).
42. Environmental impact assessment of 8" fueling Pipeline to Aliabad power plant of Gorgan (2012).
43. Environmental impact assessment of gas transmission pipelines of Zahedan-crossroad of Zabol-Zabol (2013).
44. Environmental impact assessment of condensate waste treatment plant projects of refineries and crude oil derivatives in Arvand free zone (industrial town of Khorram shahr) (2012).
45. Environmental impact assessment of construction of gas condensate refinery at Assaluyeh (Bushehr province) (2014).
46. Consultation and review of environmental impact assessment studies and securing oil pipelines gas and liquids in crossing rivers (2012).

47. Environmental impact assessment of projects of 130 MW plants in the Arvand free trade zone Arvand (2015).
48. Environmental impact assessment of the construction of a refinery to produce bitumen from heavy crude oil in the island (2013).
49. Environmental impact assessment of construction of Bouyerahmad petrochemical plant (2017).
50. Environmental impact assessment of Petro refining projects in the industrial town of Abadan (2014).
51. Reviewing environmental studies of construction projects of Tehran municipality and preparing expert report for each case (2010).
52. Codification manual of monitoring environmental management of development and construction infrastructure projects of Tehran municipality (2011).
53. Directory monitoring for environmental management of infrastructure and development projects of Tehran municipality (2007).
54. Environmental impact assessment of construction of Sayad Shirazi tunnel in Tehran (2015).
55. Environmental impact assessment of Shushtari Highway in the internal bordering of Sorkhehesar national park and Jajrud protected area (2014).
56. Environmental impact assessment of construction of Kermanshah-Khosravi freeway (2014).
57. Environmental impact assessment of expansion and road widening of Ilam-Homail (2011).
58. Environmental impact assessment of consequences of the construction of a highway tunnel Cherie and outside roads of Shahrekord- Masjedsolyman (2014).

59. Revising environmental impact assessment study of Shahhid Shooshtari highway (2017).
60. Environmental impact assessment of construction of Abshenasan and Jennatabad non-ground level crossing highway (2016).
61. Codification environmental guidelines for urban tunnel excavation processes (2012).
62. Environmental impact assessment for construction of Khoramshahr-Sarbandar railway (2015).
63. Restoration and preservation of sensitive habitats of Kavir protected area (2011).
64. Master plan (Justificational) of Beheshtee Gomshode protected area (2012).
65. Master plan of Malosan prohibited hunting area (2008).
66. Environmental impact assessment of Evrigh dam (2013).
67. Environmental impact assessment of construction of tourism region of Sana in Mazandaran Sea (2013).
68. Environmental impact assessment of water transfer project to the central plateau of Iran from branches of the Karun River (2007).
69. Consulting and supervising technical guidelines for environmental studies of water transfer project to central part of Iran (2015).
70. Environmental impact assessment of water supply to Marand (2008).
71. Review and study of Mighan wetland and completing and updating information forms of Ramsar convention for the site in Persian and English (2013).

72. Survey of adverse environmental effects of droughtiness on groundwater resources in Kerman and Bardsir plains (2012).
73. Codification of environmental regulations of on-line monitoring of industrial wastewater of the country (2012).
74. Identification of sources of pollutants in Zarand plain in order to codification of monitoring program (2012).
75. Reviewing the main factors of exposure to threatened of Uromiyeh Lake (2010).
76. Environmental impact assessment of Storage dam of Masoudabad (2010).
77. Environmental sampling and testing of irrigation and drainage project in Shavour plain in Khuzestan Province (2012).
78. Studies and environmental assessment sampling of Sardasht dam (2012).
79. Environmental sampling and testing of irrigation and drainage project in Shirin Ab of Dezful (2013).
80. Environmental impact assessment of water supply project to city of Ramshir (2014).
81. Environmental index evaluation and preparing environmental management plan for construction and development of the Velayat Park in Tehran province (2014).
- 82- Environmental impact assessment of development plan of Yas garden (2015).
83. Environmental sampling and testing of terrestrial area of Sana in Mazandaran (2012).
84. Environmental supervision services for establishment an artificial lake in Alborz province (2015).
85. Environmental impact assessment of tourism region of Bolaqehak Shazand (2011).

86. Environmental impact assessment of series of tourism regions and connected cable lines in Uromiyeh town (2009).
87. Environmental impact assessment of construction of Lavasan tourist region (2011).
88. Environmental impact assessment of tourist town of Moheb Qazvin (2009).
89. Environmental impact assessment of tourism services complex of Aqchari (2009).
90. Environmental impact assessment of Iranian recreational and vocational project in Semnan Province (2017).
91. Environmental impact assessment of construction of industrial livestock slaughterhouse of Karchan (2009).
92. Environmental impact assessment of construction of industrial slaughterhouse poultry of Sepidpar (2010).
93. Environmental impact assessment of construction of industrial city of Delijan.
94. Environmental impact assessment of Haypk industrial park, located in Tehran (2015).
95. Environmental impact assessment of Rey industrial city (2013).
96. Feasibility and environmental management studies for industrial eco- part of Payam special economic region (2015).
97. Preparation and modification of environmental impact assessment reports of Chap industrial parks, Firizkooh 2 and phase and development phase Abbas Abad (2014).
98. Environmental impact assessment of polymer chemical industrial town of Uromiyeh ( 2010).

99. Environmental impact assessment of gold mine of Cheshme Zard in the southwest of Nayshabur (2012).
100. Environmental impact assessment of copper and gold processing plant for Pars kavosh tashk in Zanzan province (2014).
101. Environmental impact assessment of Kharapeh Mine in Azarbayjane-Gharbi Province (2017).
102. Environmental impact assessment of construction waste dam of Pishtazan gold factory (2017).
103. Environmental impact assessment of Sardasht Mine in Azarbayjane-Gharbi Province (2017).
104. Comprehensive management study of normal, special and industrial wastes in Persian gas refinery.
105. Environmental impact assessment of construction and operation of recycling sites in the 8th region of Tehran municipality (2014).
106. Executive management training courses and special industrial waste in cement Bojnurd for 500 employees (2012).
107. Professional services in the field of waste management for various industries in the country and organizing training courses executive management of industrial and special waste (from 2012 to now).
